

Accelefrate™ Consolidation Programs

Our customers have trusted us to manage their complicated cold chains for over 50 years. We offer flexible and customizable solutions that allow us to be a valued logistics provider to our customers.

What are our Accelefrate™ programs?

Accelefrate™ MVC:

Multi-Vendor Consolidation

An integrated solution offering cold storage warehousing and multi-vendor consolidation LTL service nationally from any of our logistics Centers. Customers enjoy reduced transportation rates designed to save money off traditional LTL rates.

Accelefrate™ MTS:

Managed Transportation Solution

Complete transportation management program designated to efficiently save time and money. Our expertise, network, and technology can manage your inbound and outbound transportation needs.

What are the benefits of Accelefrate™?

Depending on where and to whom your shipments are consigned to, your company can save anywhere from 20% to 40% on transportation spend. Also, if you have a sizable inventory, you can expect to save up to 10% on your warehouse rates.
