#### **Order Cancellation/No available Appointments/Space Ordered, Not Used (SONU)**

Any shipment cancelled after Wednesday 5pm of the shipping week, or within 24 hours of pick up, will be subject to 100% of freight charges (not including fuel surcharge). In the event an order is picked up and a delivery appointment is not available at consignee, or the order is rescheduled by shipper or consignee for the following week(s), as courtesy, the SONU fee will be waived for one week. Orders that are not shipped the following week will be subject to additional storage and SONU charges.

#### **Unloading**

Any Unloading, segregating and/or sorting charges will be passed through to the party responsible for freight payment. In order to maximize the capacity of our outbound trailers, from time to time RLS will pinwheel and/or double stack pallets of product. Unloading charges assessed due to this standard operating procedure, will not be the responsibility of RLS.

#### **Driver Load/Unload**

When the driver is required to load or unload the vehicle, the applicable charge will be \$75.00 per hour, billed in fifteen (15) minute increments, with a minimum charge of one hour for each load or unload location.

#### **Freight Density**

Unless otherwise agreed upon, a minimum of 1,300 lbs. per pallet will be used for purposes of calculating billing. Actual weight will apply if greater.

#### **No Truck Dock**

Shipments that are consigned to a facility without a truck dock cannot be accepted. If a shipment is inadvertently accepted, at the discretion of the RLS, either an additional \$250.00 per shipment charge will apply or the freight will be returned to the shipper. If RLS does make the delivery, RLS's only responsibility is to have the freight brought to the back of the trailer, the consignee must provide labor and equipment to unload freight. Additional charges are the responsibility of the shipper.

Shipper agrees to allow RLS the right to mitigate the loss by the sale of salvage. If salvage rights are not granted, a salvage allowance of 30% of invoice will be deducted in lieu of salvage.

### **Force Majeure**

In the event of riot, war, rebellion, fire, flood, act of God, terrorism, act of governmental authorities or any other cause beyond the control of a party hereto which renders it impossible for such party to comply with any provision of this Agreement (a "Force Majeure Occurrence"), there shall be no liability for non-compliance caused thereby during the continuance thereof; provided, however, in the event of any such Force Majeure Occurrence affecting RLS's ability to perform hereunder, RLS shall use its best efforts to eliminate the cause of such inability to perform and shall perform to the fullest extent it is able under the circumstances.

### **Donations / Disposal of Product**

On occasion, shipping errors occur such as short dates, wrong product, etc. In lieu of returning the product to the shipping origin, RLS is often asked to donate or dispose the product. When product must be disposed, additional charges are sometimes incurred. When such charges are incurred, RLS will pass those charges along to the party responsible for freight payment.

### **\*\*Return Product (Updated)**

On many occasions, RLS encounters product that arrives at a particular destination that is rejected for some reason or another. Some examples of this type of rejection include, but are not limited to expired product dates, miss-tagged product and wrong products shipped.

**If the rejected product is a result of an RLS error**, at its own cost, RLS will take all the necessary steps to correct the situation to the satisfaction of the customer. RLS will communicate to the customer, in a timely and clear manner, the process by which it intends to return the product to the customer. RLS will accept full responsibility for the products safe return.

RLS will communicate all charges for this return and proceed when these charges are agreed to by the shipper. If the product experiences a delay or any other problem during the return process, RLS can not and will not accept any liability for the products safe return.
